### IMPORTANT SAFETY NOTICE

#### Stop Sale of Lot Code W3N221 – Varathane One Step Stain & Polyurethane – Dark Walnut

Rust-Oleum has recently discovered that cans of Lot Code W3N221 of the **Varathane One Step Stain & Polyurethane – Dark Walnut (SKU Y240215H)** may have incorrect labels. This issue only impacts **Lot Code W3N221**, and all other production of this product is safe for sale and use.

We have notified Health Canada to initiate a recall of this product.

In connection with this action, we are asking that you take the following steps:

1. Inspect your inventory of **Varathane One Step Stain & Polyurethane – Dark Walnut** for the lot code **W3N221** and immediately block affected inventory from sale;
2. Inspect your store shelves for any **Varathane One Step Stain & Polyurethane – Dark Walnut** and remove any with lot code **W3N221**; and
3. Quarantine affected inventory at your stores or warehouse.
4. Provide information on the quantity of affected inventory to your Rust-Oleum representative to receive full credit for the material, through normal Return to Vendor process.
5. Once the affected inventory has been identified it should be disposed of locally following all applicable waste disposal regulations. Attached label and SDS reflects the solvent based formulation contained in the recalled lot code W3N221.

You will be able to identify the affected product as shown below. The lot code is **W3N221** and is printed on the lid or the bottom of the can. The lot code is also printed on the white bar-code sticker on the product cartons.

If you have any questions, please contact your Rust-Oleum sales representative.
