Steps

EUROSTYLE

**Stylish, made-to-measure, and easy to install!**

You don't have to be a construction expert to design your Eurostyle project. It's easy to carry out your ideas by following our guides.

## Measure

A perfect design starts with perfect measurements. Use our guided tools to take all the required measurements and note the placement of fixed items, such as plumbing and outlets.

## Plan

You can easily create your own design using our 3D planning tool in a few simple steps. See your design come to life in detail, complete with an automatically generated shopping list and prices.

## Deliver

Take it home today! Many Eurostyle cabinets and door styles are already in stock at your local Home Depot. And if your order is not available in-stock, it will be shipped to you in no time, using our quick-ship program.

## Assemble

Eurostyle cabinetry comes 80% pre-assembled, since the cams and dowels are already in place. Whether you install your cabinets yourself or use installation services, you'll save both time and money with Eurostyle's ease of assembly.

### About the materials

**THERMO**  
Thermofoil mimics the look of lacquered wood in a convenient and easy to care for package. Durable and stylish, this is an affordable solution that delivers big.

**MELAMINE**  
Melamine is a very resilient and easy to clean surface that goes far beyond its humble beginnings. From rich textured finishes to wood-grain looks, melamine can do it all, and do it great.

**ACRYLIC**  
Dressed to impress, acrylic is a high-gloss finish that is bound to add spice to your kitchen. Paired with tactile textures and matching hardware, this sleek, durable material is both urban and modern.

## Made with care in Canada

Eurostyle cabinets are proudly made in Canada by Fabritec, a company that is committed to delivering quality products and ensuring customer satisfaction.

The high quality of materials used to make the Eurostyle product line allows us to offer you a 25-year limited warranty on your cabinets.

Our cabinets are known for their styling, durability and careful finishing. We are proud of our reputation and we are committed to maintaining it. We are always developing new products in line with the latest design trends, in order to meet and anticipate an always-evolving demand. We maintain the highest standards at each phase of production, from manufacturing to packaging and delivery, and our factories are equipped with the most advanced automation processes in Canada.

Fabritec is a future-oriented company, which means we make environmental responsibility a top priority. We have launched initiatives focused on using new packaging materials, reducing harmful emissions, and using wood sourced from responsibly managed forests.
