THAT SIMPLE

4Easy
Steps

EUROSTYLE

Stylish, made-to-measure, and easy to install!

You don't have to be a construction expert to design your Eurostyle project. It's easy to carry out your ideas by following our guides.

Measure

A perfect design starts with perfect measurements. Use our guided tools to take all the required measurements and note the placement of fixed items, such as plumbing and outlets.

Plan

You can easily create your own design using our 3D planning tool in a few simple steps. See your design come to life in detail, complete with an automatically generated shopping list and prices.

Deliver

Take it home today! Many Eurostyle cabinets and door styles are already in stock at your local Home Depot. And if your order is not available in-stock, it will be shipped to you in no time, using our quick-ship program.

Assemble

Eurostyle cabinetry comes 80% pre-assembled, since the cams and dowels are already in place. Whether you install your cabinets yourself or use installation services, you'll save both time and money with Eurostyle's ease of assembly.

Need To Get It Home?

You can have your newly purchased cabinets delivered, or ask about our vehicle rentals

SO EASY TO PLAN

3D planning
tool

Plan your kitchen or bathroom with ease using the 3D Planning Tool.

You don't have to be a construction expert to design your Eurostyle project. It's easy to carry out your ideas by following our guides.

Quickly and efficiently recreate your home layout and design your new kitchen using our 3D Planning Tool.

See everything take shape in just a few simple steps, allowing you to visualize your kitchen complete with door styles, finishing touches and even matching appliances.

Take your design further by following our online tutorials and become an expert in no time.

Save time and energy

The mounting hardware is already installed—we've done 80% of the assembly for you!

- 1. Made To Last**
Made of 3/4 in. melamine with a resistant finish, reinforced at the back with two cross-braces.
- 2. Soft-Close Mechanism**
Metal drawers feature European technology allowing them to open fully and close softly and noiselessly.
- 3. Opens Wide**
Easily access your pots and pans and canned goods thanks to door hinges that open 125°.
- 4. Store Heavy Goods**
Go ahead, stock your cupboards—the shelves and drawers in your Eurostyle cabinets can handle an impressive load.
- 5. Level Up**
Adjustable legs for easy installation on uneven floors. Each leg can support up to 150 lbs, perfect for granite counters!

CHOOSE YOUR DOOR STYLE

Pick from one or more styles to
create your unique kitchen design

Choosing from our in-stock selection or our special order door styles is simple and convenient. Talk to your Home Depot kitchen designer for more information, and visit your local store to see these doors in person.

About the materials

BIRCH

Birch wood is warm, beautiful and durable. It complements any style, from country to contemporary and looks great when paired with accessories and mouldings.

THERMO

Thermofoil mimics the look of lacquered wood in a convenient and easy to care for package. Durable and stylish, this is an affordable solution that delivers big.

MELAMINE

Melamine is a very resilient and easy to clean surface that goes far beyond its humble beginnings. From rich textured finishes to wood-grain looks, melamine can do it all, and do it great.

ACRYLIC

Dressed to impress, acrylic is a high-gloss finish that is bound to add spice to your kitchen. Paired with tactile textures and matching hardware, this sleek, durable material is both urban and modern.

Made with care in Canada

Eurostyle cabinets are proudly made in Canada by Fabritec, a company that is committed to delivering quality products and ensuring customer satisfaction.

The high quality of materials used to make the Eurostyle product line allows us to offer you a 25-year limited warranty on your cabinets.

Our cabinets are known for their styling, durability and careful finishing. We are proud of our reputation and we are committed to maintaining it. We are always developing new products in line with the latest design trends, in order to meet and anticipate an always-evolving demand. We maintain the highest standards at each phase of production, from manufacturing to packaging and delivery, and our factories are equipped with the most advanced automation processes in Canada.

Fabritec is a future-oriented company, which means we make environmental responsibility a top priority. We have launched initiatives focused on using new packaging materials, reducing harmful emissions, and using wood sourced from responsibly managed forests.
