Ace Bayou Corporation Round and L-Shaped, Vinyl and Fabric Bean Bags

The affected bean bag chairs were sold in Canada from January 2012 to July 2013. Bean bags chairs sold after July 2013 are not affected and are not included in this recall.

The recalled bean bag chairs by Ace Bayou Corporation are round or L-shaped, vinyl or fabric, and filled with polystyrene foam beads. The round bean bag chairs were sold in three sizes (30, 32, and 40 inches in diameter). The L-shaped bean bag chairs measures 18 inches wide by 30 inches deep by 30 inches high. Any color bean bag may be affected. "ACE BAYOU CORP" is printed on a tag sewn into the bean bag chair's cover seam.

Bean bag chairs that are without a permanent zipper closure allow young children to unzip, ingest or inhale the small beads inside of the bean bag chair, posing a suffocation hazard.

Above is a permanently closed bean bag zipper. If your vinyl bean bag does not have the permanent closure ring, you are eligible to receive a free safety enhancement kit which includes the permanent closure ring and installation instructions. The safety enhancement kit is easily installable at home. This recall is being conducted in cooperation with the U.S. Consumer Product Safety Commission and Health Canada.
